SMARTDOSE

1
Turn the control knob to select the appropriate icon.

2
Pull up on control knob one time to prime the pump.

3
Push the knob down fully to pump a precise dose of concentrate needed for the correct dilution when mixed with water.

It's So Simple.

SmartDose is an innovative dosing platform for super concentrated daily cleaners and disinfectants and sanitisers without the need for a connected water supply. SmartDose sets a new industry benchmark of accuracy, simplicity and safety for the users.

The Smart pump technology is very practical and uses icon based instructions. This makes it possible to vary shot sizes for any of the different cleaning methods including spray cleaning, bucket cleaning or scrubber driers, with minimal user training and no measuring. Being a closed system, it provides the maximum level of safety and cost control.

SmartDose offers packaging, chemical, storage as well as transport benefits versus standard platforms dramatically reducing the environmental footprint.
